

HS-G450

Virtual 7.1 Channel Gaming Headset

Genius proudly releases the latest gaming headset HS-G450 which is meticulously designed for hardcore gamers. Featuring premium 40mm neodymium driver units, HS-G450 delivers powerful bass in the battlefield. Gamers also can utilize the 7.1 channel and preset EQ adjustments for different preferences and scenarios. The earcups have a cool blue LED design to stand out from other gamers. You can also remove the detachable microphone when you don't need to use it. The inline control box enables gamers to control the microphone mute and volume in an instant. HS-G450 is a great choice for gamers who want great sound and want to stand out in the crowd.
